Appliance Bulky Item Pick Up

IMPORTANT INFORMATION - IT'S THE LAW!

Per California Penal Code Section 402b PC, the proper way to dispose of refrigerators and certain appliances involves completely removing the door or the latching mechanism. This penal code also includes deep-freeze lockers, clothes dryers, washing machines and other appliances with the capacity of 1.5 cubic feet or more that are placed out for bulky item pick up and may be accessible to children.

Prior to disposing of large appliances, remove doors and/or hinges on all large appliances to prevent entrance and entrapment by small children.

Collection Day Reminder

On collection day, please place your trash, green waste and recycling carts in the street, at the curb, or near the corner of your driveway. **DO NOT place carts on the curb or sidewalk.** Carts should have the handles facing towards your home and placed 1 foot apart from each other. Carts need to be placed at least 3 feet away from any obstruction such as a fence, mailbox, or vehicle. **All carts must be curbside by 6:00 a.m. on your service day.**

Did you know?

Batteries must be taken to a Household Hazardous Waste (HHW) facility where they will be disposed of properly. Throwing batteries in your trash, recycling, or green waste cart could result in a truck fire or a fire at the materials processing facility. ALL batteries are considered **HAZARDOUS WASTE** in California! Dispose of your batteries properly. For more information visit: www.CleanLA.com
